We are medium sized multidisciplined design studio and believe the best project results come from workshopping with a smaller, focussed and like minded , experienced group.

our studio structure

Nic Graham & Assoc. has collaborated with Stellarworks resulting in a bespoke furniture collection manufactured in Asia and distributed in luxury hotels worldwide. Initially developed for Australia's pioneering QT Hotels brand, the QT collection is Nic Graham's modern-day tribute to the mid-century movement. Drawing out retro details with a light touch, while allowing natural materials and traditional craftsmanship to take centre stage, the range communicates quality without compromising its casual appeal.

The QT collection and its slender, contoured counterpart Chillax make warm and welcoming additions to any contemporary interior, embodying the laidback, relaxed spirit of modern Australian life, with a wink to the pragmatism of mid-century Scandinavian design.

All our hotels feature custom and bespoke furniture by our Studio.
